Subject: RE: Business License

Categories: 11-19 to 1-10 2014

Ed,

With regard to the business license, for the purpose of oversight of the FMC project, BAH is acting as EPA's representative and does not need to obtain a Tribal business license.

Please call me with questions.

Kevin

Subject: Business License

Kevin and Ed, I need to stress the importance of complying with Tribal Policies. If you are doing business on the Reservation, you are required to obtain a business license. As a federal agency, this is not a requirement but as a contractor you must. This also involves TERO. Wendy has sent out an application to Ed for BAH and Wes Edmo, TERO Director, will be following up to make sure TERO is complied with.

Please make sure to have these completed before entering the reservation.

Thanks
Kelly
